

FOR "NATURALIZED" TURF

DIEHARD™ Pallet Pak Plus

HORTICULTURAL ALLIANCE

"SUPER CHARGE YOUR SOD"

DIEHARD™ Pallet Pak Plus is formulated to be used as a soil amendment treatment for establishing turf root systems with live beneficial mycorrhizal fungi. Contains soluble humic acids, soluble sea kelp, soluble yucca plant extracts, beneficial bacteria, and 67% Horta-Sorb® to reduce water maintenance and promote rapid root development.

"A Complete NATURAL Approach To Turf Establishment"
